*"It is difficult to make our material condition better by the best law,
but it is easy enough to ruin it by bad laws."*

-Theodore Roosevelt

***Join us in promoting a healthy and fair environment for
pet owners and their pets in Tennessee.***

What we stand for:

- Increased education and awareness of the reptile & amphibian keeping hobby & professions.
- Sensible, fair and fact/science based legislation.
- High standards in husbandry and responsibility as keepers.

The Coalition of Herp Enthusiasts in Tennessee was formed as a way to work together to change the public perception of exotic pets and responsible keepers through unity, education and sharing.

The laws that effect herp keepers will, by setting precedents, effect keepers of all types of pets.

Let's make sure those laws are based on legitimate science and facts, and remain fair to responsible pet owners in Tennessee and across the nation.
